PEBB Plan Comparison Tool

Compare Your PEBB Plan Options

Welcome to the PEBB Plan Comparison Tool

The plan comparison tool is designed to help you easily understand the differences among your plan options. The tool lets you compare your options side-by-side, including copays, deductibles, coinsurance, and the cost of covered services.

This tool is for comparison purposes only and is not intended to fully describe the benefits of each plan. Refer to your member handbook for more details of benefit coverage. In the case of a conflict between this comparison and your member handbook, the member handbook will prevail.

Use this online tool to:

- View your PEBB medical, dental, and vision plan options
- Compare important plan features for all health care plans, including coverage for office visits, hospital care, mental health services, prescription drugs, and more
- Understand how specific services are covered

Get started:

- Click on the plan features you want to compare and click "Next Step"
- On the comparison screen, select the plans you want to compare by "minimizing" the plans and services you do not want to see
- Be sure to click on the "Print" button if you want a record of your results — your results will not be saved once you exit the tool
