

# Understanding Your Seasonal Benefits Package Enrollment Guide

Presented by Uplift Oregon

## Understanding Your Seasonal Benefits Package

Seasonal workers have a comprehensive benefits package available during their employment. However, there are several differences between the benefits for full-time and seasonal employees.

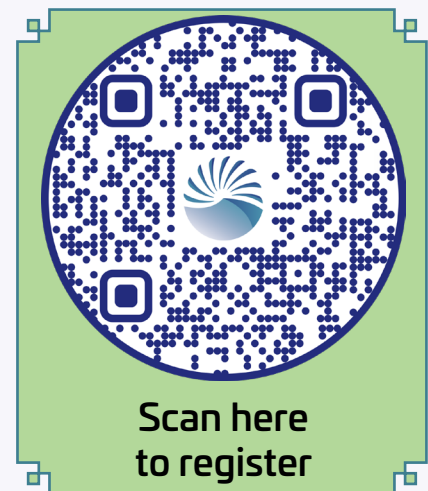

Uplift Oregon partners with state agencies each summer to offer “Understanding Your Seasonal Benefits Package,” a workshop designed specifically for seasonal workers. The workshop gives a clear overview of seasonal benefits and helps workers choose the best options for themselves and their families.

### Who needs to attend?

- First-time seasonal workers must attend an “Understanding Your Seasonal Benefits Package” workshop.
- Returning seasonal workers don’t need to attend, but they’re welcome to join.

Register your seasonal workers by scanning the QR code or by logging in to Workday and searching “Understanding Your Seasonal Benefits Package.”

Please ensure workers register for “Understanding Your Seasonal Benefits Package” workshop when offered, not the “Uplift Your Benefits” workshop.

### How to receive credit

Workers must complete all steps below to receive credit for attending:

1. Join the Zoom link at least 5 minutes early.
2. Fill out the registration form with:
  - First and last name
  - OR number
  - Agency
3. When prompted, enter first name, last name, and agency in the Zoom chat.
4. If multiple workers are sharing one device:
  - One person must fill out the registration form.
  - The person at the device must enter the first name, last name, and agency for every worker attending the workshop in the Zoom chat when prompted.

An Uplift Oregon team member may reach out if they need additional information.
