SUBJECT: Register for Mandatory Benefits Training

As a new public employee, your salary is just part of your total compensation. Your healthcare and retirement benefits are some of the best in the state. There are also lesser-known benefits that many people miss out on—benefits that help lower childcare costs, pay off student debt, and increase retirement savings.

You now have access to a benefits package that can add tens of thousands of dollars a year to your budget.

[AGENCY NAME] partners with Uplift Oregon to offer Uplift Your Benefits, a two-hour training to help you make the most of those benefits. The training is mandatory, and best to take before you sign up for your benefits (like health insurance).
